

February 2022

Learning Together Program Process Guidelines:

We are pleased that you are interested in having your child participate in the HCPSS Learning Together Program (LTP). This program provides a developmentally appropriate educational program for children with disabilities and typically developing children. Three- and four- year-old children may participate. The Learning Together Program is included in the Regional Early Childhood Centers (RECC) classes located within elementary schools.

Locations of RECC classrooms for the upcoming school year are budget-pending and will be confirmed prior to June 15th. Locations with available LTP programs may vary each year. The LTP application process is based on your home address and assigned home school. To confirm your child's home school based on your address, please visit [School Locator](#) on hcpss.org. Once you have identified your child's home school, please use the chart below to determine your screening location.

Starting Mid February, LTP applications will be available in the front office of the RECC locations listed below or fillable [electronic pdf](#) by clicking on the hyperlink and downloading it to your computer to fill out. Priority will be given to applications submitted by **April 1st. All completed applications MUST be submitted to the front office of your first choice school. If you are open to your child attending at any location, please submit the application to your screening location determined by the chart below.**

For the upcoming school year, you will be completing only one application for your child which will allow you to apply to multiple schools. This process will also allow families to select which schools may work for your family's needs. If you need assistance completing or printing the application, please contact Early Intervention Services at 410-313-7017 or by email at earlyinterventionservices@hcpss.org.

HCPSS is committed to providing instruction based on the statewide Early Learning Standards which are in alignment with Kindergarten Readiness. The fees listed in the application will be collected monthly regardless of the learning model determined throughout the upcoming school year (virtual, hybrid, or in person). Shortly after registration, your school will contact you to collect the first month's fees.

The Howard County Public School System also offers a prekindergarten option for children who meet income eligibility and will be **four years old by September 1**. For more information about PreK, please go to: <https://www.hcpss.org/schools/pre-k-programs/> or contact front office staff at your local elementary school.

If you have any questions about the Learning Together Program or process, please contact the Regional Early Childhood Center (RECC) Team Leader at your first choice school or email earlyinterventionservices@hcpss.org.

Again, thank you for your interest in our HCPSS Learning Together Program. We look forward to working with you and your child as he/she prepares for kindergarten and beyond.
